

## Parent/Guardian Activities Permission Form

### Dear Parent/Guardian:

The details below, and your signature on the next page, are required for a child to participate in either a) a troop/group activity held at a different time or place than the regular troop/group meeting, or b) when the topic being covered may be a sensitive issue or controversial to the girls or families involved with your troop/group.

The permission form, on the second page, must be reviewed and signed prior to the activity by a parent or legal guardian.

Troop Leaders will provide you with the necessary activity information prior to the event. If you have any questions/concerns please address them with your Girl Scout's Troop Leader prior to the activity.

A troop/group contact is listed below for this activity. This is the person to contact in case of an emergency and who will alert you in case of a change in troop/group plans. Please take a moment to note all trip details such as location, date/times for both departure and return, and keep this information in a safe accessible place for your reference.
