

Parent/Guardian Activities Permission Form

Dear Parent/Guardian:

For a child to participate in each troop/group activity held at a different time or place than the regular troop/group meeting, or when the topic being covered may be a sensitive issue or controversial to the girls or families involved with your troop/group, written permission is required. The permission form, **signed by a parent or legal guardian**, must be reviewed and signed prior to the activity. Please note, for each event, a troop/group contact is listed. This is the person to contact in case of an emergency and who will alert you in case of a change in troop/group plans. Troop Leaders will provide you with the necessary activity information prior to the event. If you have any questions/concerns please address them with your Girl Scouts Troop Leader prior to the activity.
