

**Tax Exemption Information**

Troop/group, service unit and council level events may use Pennsylvania's sales tax exemption when purchasing supplies. When using the tax exemption, volunteers will sometimes be called upon to complete an exemption certificate for the supplier from whom a purchase is being made. It is important that the certificate be properly completed in order to comply with regulations pertaining to the exemption. Charitable exemption numbers will not be issued to individual troops/groups. Therefore, all volunteers must use the exemption number issued to the council - #75-03981-5. It is suggested that this number be recorded in the front of each troop's checkbook. The Pennsylvania Sales Use and Tax Exemption Certificate may be obtained by contacting a membership specialist.
