

COVID-19 Message 4.10.20

Dear Members, Volunteers, Friends and Supporters of GSHPA -

I hope this email finds you preparing for a special weekend with family and loved ones. Although we are still under stay at home guidelines, this weekend is an important time for many, and I'm wishing you good health and positive connections with those you love.

In the spirit of gratitude, I'd very much appreciate if you would take a moment and watch this video. While I recognize that so many of us may be on information overload, I felt compelled to reach out to thank you personally for all that you do for Girl Scouts.

We all are adapting to new ways of connecting, and in particular our volunteers have been flexible and creative! With April marking National Volunteer Month, I want to take this opportunity to make special mention of how GSHPA's volunteers are really stepping up as they participate in virtual troop meetings, engage in troop leader "mingle" sessions, and continue to be so very creative in helping girls stay engaged. As Girl Scouts have always done, we continue to evolve and thrive; taking advantages of challenges set before us to explore and succeed. Thank you to each and every one of our volunteers for demonstrating the very essence of what it means to be a Girl Scout during National Volunteer Month and all year long.

Thank you for taking the time to watch the video below. Be safe and healthy until we can reconnect in person.

Yours in Girl Scouts,

A handwritten signature in black ink, appearing to read "Janet Donovan".
