

# COVID-19 Conscious Participation

The health and well-being of our girls and volunteers is of the utmost importance. Therefore, we encourage everyone participating in GSHPA Product Programs to be “COVID-19 Conscious” and follow the guidelines below, as well as any local or state guidelines:

- *Encourage cashless ordering by utilizing the online platforms: M2 and Digital Cookie*
- *Share your site with family and friends via social media or email (you can email right from the online platform!)*
- *When possible, use a tablet or mobile device and input your sales digitally instead of using the order card*
- *Put the order card in a sheet protector so it can be sanitized*
- *Utilize contactless pick-up and delivery when possible*
- *Wear a mask and gloves*
- *Abide by social distancing policies*
