

## Daisy Good Neighbor Badge – Earn From Home Guide

Girls will find out how they can help their communities by being a good neighbor.

1. Explore your school
2. Discover your city or town
3. See what makes your state special

Once you have earned this badge, you will know more about the communities you belong to, and how the people in your communities work together to be good neighbors to each other.

1. Explore your school
  - What does your school community look like, now that you are doing school at home or on the computer?
  - How is your school community different now compared to when you were in a classroom with other students?
  - Draw a picture with you in the middle and write or draw the different ways in which you are a good citizen at school.
  - Share how you are a good neighbor at Daisy meetings.
  - Show your spirit – school spirit or Girl Scout spirit – by taking a picture demonstrating that spirit; or make a cheer to share!
2. Discover your city or town
  - Take a walk with someone in your household to explore where you live. You could even do this virtually if you prefer!
    - What types of community helpers do you see (post office, fire station, police station...)?
  - Create an art project or model/map of your town using recycled objects
3. See what makes your state special
  - Look at the map of the United States and find Pennsylvania
  - Locate the capital city of Pennsylvania. Have you ever been there?
    - Learn a little about the capital city [here](#)
  - What states are neighbors of PA, meaning they touch our state? Hint: there are 6!
    - In what ways do you think we are good neighbors to one another?
  - What types of food is Pennsylvania known for?

After you have completed the requirements for this badge, you will know a lot more about all of the communities you are a part of!

This badge can be purchased on our website [here](#).
