“Roots, Shoots, and Hoots”

Knock, knock! Hoooo’s there? We’re back for another fun-filled week at Camp Mocanaquah! This year, we’re all about NATURE...from the ground up! We’ll learn about how plants grow and the homes and food they provide for all kinds of animals. The week will be full of outdoor activities including learning about what owls eat, how to identify trees, how to make recycled PLANTABLE paper, and so much more!

This week is gonna be tree-mendous!

Of course, swimming, songs, games, cooking, “Wacky Wednesday,” hiking, and as always, the Friday Cookout, will round out the week of fun.

Never thought about Girl Scouting or day camp before? Come experience a tradition that’s been ongoing for over 30 years. Camp Mocanaquah has been serving girls in the Back Mountain and Wyoming Valley communities since 1989! We promise a week of fun, friendship, and memories to last a lifetime!
