

## April 8, 2022

The GSHPA tree planting effort is gaining momentum! Thank you to each leader, parent, and Girl Scout who has a plan, who has *thought* about a plan, and who has taken steps forward.

We might not meet the challenge this Earth Day, of 50 individual tree plantings, but we are well on our way to 2022 trees being scheduled to go in the ground this spring.

If you are not working specifically with a partner for an event, check out the list, under Partners, for entities we have personally communicated with, throughout our footprint who are eager to partner with Girl Scouts to plan an event in the future.

Consider joining us in planting 400 trees at Pennsylvania College of Technology, at their Earth Science campus on May 1. We need YOUR HELP to pull this off. Pennsylvania College of Technology is a White Oak sponsor of GSHPA's Tree Promise effort. Check out the event details [here](#) and register!

Looking ahead:

June 2022: Tree request order form opens

September & October 2022: Trees available

January 2023: Tree request order form opens

April 2023: Trees available

A handwritten signature in black ink that reads "Lutricia".
